DETAILED ACTION

Allowable Subject Matter

Claims 2-6, 8-13 and 15-20 are allowed.

The following is an examiner's statement of reasons for allowance:

With regard to claims 3, 8 and 16: These claims are allowable over the prior art of record because the latter, either alone or in combination, does not disclose nor render obvious an athermal arrayed waveguide grating having a first slab having a first and second layer with different refractive indices from each other with the first layer being contiguous to the input waveguide and first layer and the grating array having a refractive index that is equal to that of the input waveguides, in combination with the rest of the claimed limitations.

With regard to claims 2, 4-6, 9-13, 15 and 17-20: These claims are allowable over the prior art of record because they depend from allowable claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
